## French Fry Bagging Scoop

### *Frequent Fryer®*

#### WARRANTY

This product is warranted to be free from defects in material and/or workmanship at time of delivery only.

1. Hold french fry bags or boxes in one hand.
2. Insert the bottom part of the scoop into the bag or box. See figure 1.
3. While holding the bag or box against the back of the scoop, insert the scoop into a pile of fries.
4. Raise the scoop to the vertical position. This will cause the fries to slide into the bag or box. See figure 2.

figure 1

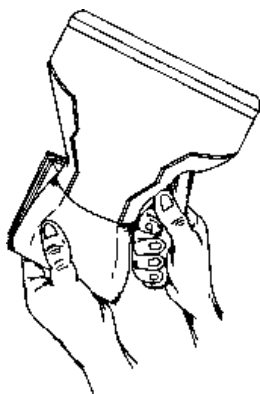

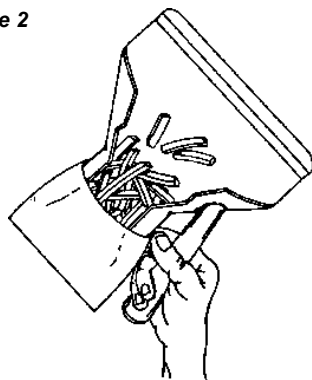

figure 2

**IMPORTANT:** With a little practice the operator can estimate a bag or boxful of fries by sight before they are inserted.

5. Transfer the bag or box of fries to the holding rack.

**CAUTION:** Do not lay plastic scoops directly under heat lamps. Scoops may soften and warp.
